### In All Honesty: A game preview

With all due respect to former Aggie assistant coach Don Verlin who took over as head coach for the Idaho Vandals this season, they're still Idaho for the time being... That said, Idaho pummeled UC Irvine by a score of 101-47 last week. This doesn't look good for the Anteaters, who are off to a dismal 0-5 start, while the Aggies have outscored opponents tougher than Irvine by a combined 73 points over the last three halves of basketball. Irvine is a weak offensively, while defense has been the strength for the Aggies so far this season. Irvine will likely see very few good looks at the basket, leaving USU to dominate the rebounding as they've done so far this year. This could be a bigger beatdown than what Cal Poly got.

### Child and Sproat fling now on the rocks

New developments suggest that the recent kiss-cam ignited relationship between Aggiette Lindsay Child and campus heartthrob Bill Sproat are already on the rocks. Sproat was caught kissing another girl during Saturday night's blowout of Cal Poly, leaving the recently scorned Aggiette visibly distraught, and if you looked closely was a step behind on several dance routines over the rest of the game. The other girl Sproat kissed immediately became weak in the knees, fell over, and was treated for head injuries at Logan Regional hospital. She was found in good health and checked out the next morning.

### The Petri Dish - The "There's no way Jonas put THAT on his Myspace, is there?" edition.

- #10 Patrick Rembert** - According to his Myspace, his favorite college basketball team is North Carolina... Patrick does not play for North Carolina
- #15 Darren Moore** - Transfer from Northern Colorado, who was 13-15 last season surprisingly making his jump to Irvine (15-15 last year) an improvement.
- #20 Adam Folker** - A freshman from Canada... considered one of the top players in Toronto HS basketball, which is the definition of a backhanded compliment.
- #21 Jonas Lalehzadeh** - Has an unpronounceable last name and probably will single handedly destroy their budget for names on the back of jerseys if they pay by the letter. Myspace name is "J for Jendetta". Lists his books as, "Read my mind bro." Heroes are listed as, "Santa Claus...and men also love them." Lists his relationship status as "Swinger." His headline also makes a very unfavorable reference to the size of that "certain part of the male body", which we're not sure why he'd share that.
- #34 Eric Wise** - Nickname is "Easy"
- #42 Ryan Staker** - Nickname is "Stake". Still roots for his hometown college UNLV despite them not recruiting him when he was in High School, or when he was at his first junior college, or when he was at his second junior college.
- #53 Kevin Bland** - Last name says it all... Judging by his picture on the UC Irvine official website, he has a horrible beard.

### Stavon Williams gets wayyyyy better end of deal with devil.

Junior guard Stavon Williams reportedly made a very lop-sided deal with the prince of darkness himself during halftime of Saturday night's 97-57 victory over Cal Poly. Williams, whose negotiating skills are apparently on par with his 3-point shooting ability, was approached by the Devil who was interested in acquiring the remains of Williams' leftover pumpkin pie from the Thanksgiving holiday. Williams parlayed this deal into a 2<sup>nd</sup> half of basketball where he was all but totally untouchable by Cal Poly's defenders, and incapable of missing the bottom of the net. Williams lit up the opposition for 15 points on 5 of 5 shooting from behind the arch with what is believed to be just a little bit of assistance from an unholy being.

"I couldn't miss a damn thing that half," Williams said. "That pie wasn't even all that great but that devil guy was all about getting his hands on it." While the length of the deal is not known, Williams' side of the deal is fully paid off, leaving him in place to likely continue his 3-point shooting rampage for the duration of the season.

### Former Ag Brayden Bell surfaces

Former Aggie center and basketball talent-wasting specialist Brayden Bell was spotted publicly last week for the first time since leaving the USU team last December. An anonymous witness reports that Bell has spent the last 11 months in a Preston, Idaho gym practicing only half-court shots in an effort to resurrect his college basketball career. Bell had previously wasted his size, strength, and post-play ability to hang out behind the arch and jack up 3-pointers that never went in. The highlight of his career came on a botched 3-point attempt where Bell managed to screw up so badly that the ball left his hands going straight up and nearly hitting the scoreboard.

Bell, who has sought to diversify his game, has been hitting 1 out of 7 half-court shots with regularity since leaving the Aggies. Bell said, "People be doubtin my game and stuff but they'll stop hatin when I make my comeback. Ain't nobody gonna guard this s\*\*\* when I lock it down." Bell unfortunately sucks at every other aspect of basketball.
